

MINECRAFT EDUCATION

Welcome to the Minecraft Holiday Adventures!

Get ready to dive into a world of creativity and learning with our fun and educational Minecraft activities. Each day, you'll embark on exciting quests, solve challenging puzzles, and explore new concepts—all while having a blast in the Minecraft universe. Let's build, learn, and play together!

How to get started

- **Download and Install:** Visit the Minecraft Education Edition website and download the application. Follow the installation instructions for your device.
[Download | Minecraft Education](#)
- **Sign In:** Use your school or personal Microsoft account to sign in.
- **Let us know!** Share your builds with your teachers or parents and ask them to share them with us on social media!
- **#MinecraftEdu #MicrosoftEDU**

AVAILABILITY & LICENSING

Minecraft Education is available on Windows, Mac, iPad, Chromebook, and mobile devices.

Many schools already have access to Minecraft Education through their Microsoft 365 licensing. Check with your IT department for specifics of your organization regarding access. Students and teachers can log in securely with Microsoft 365 and collaborate in multiplayer across devices in the same school tenant.
